## **EDITORS' WORD**

“We do not need magic to change the world, we carry all the power we need inside ourselves already”---J.K. Rowling

We feel privileged to dedicate the second volume of the bulletin “Influencer” to environmentalist, Padma Shri Tulasi Gowda, the incredible woman who has made nature conservation her mission and has made invaluable contribution to preserving and caring for our planet’s precious natural resources. Today, as we waver on the cusp of various global crises facing humanity, Gowda has shown us how women can become agents of revolutionary change and make a difference in the world.

The Women’s Cell of Golaghat Commerce College has been working incessantly to foster empowerment of women in the college campus and the local community through various initiatives. The timeline of session 2020-21 also included a mosaic of activities, webinars, awareness programmes aimed at supporting women and enable them to develop to their full potential. As we pat our backs for our achievements, we are continuously analyzing our shortcomings and trying to plug the holes to come up with better deliveries to our stake holders in the future.

We take this opportunity to thank our Principal, Dr. Utpal Sarma and the President of Women’s Cell, Dr. Nabami Gogoi for their guidance and timely suggestions. We gratefully acknowledge the contribution of our student artist Ms. Atlanta Handique in creating a vibrant cover page. We also thank all the members of Women’s Cell for their support in bringing out this newsletter.

## **FROM THE PRINCIPAL'S DESK**

I am delighted to learn that the Women’s Cell, Golaghat Commerce College is bringing out the second volume of its annual newsletter “INFLUENCER” for the year 2020-21. It is well known to us that the Women’s Cell of our college is energetic and has been actively engaged in the pursuit of academic excellence in the college. This newsletter is a reflection of the curricular

and co-curricular activities undertaken by the cell to promote gender equity in the college campus and beyond during the last academic session. I am happy to witness that apart from contributing to research and academic activities, the Women’s Cell has been working diligently to empower the local community. My congratulations to all the members who have worked hard to bring out this small but beautiful bulletin.
