The department of HRM organised a mentor mentee counselling session on 13th February 2019 at 1.30 pm. The session was graced by the Head in-charge of the Department Mrs Rinki Das and Miss Sneha Hazarika, Assistant Professor of the Department, along with the presence of 6 students of BCom 4th semester of HRM major. The session began with an introductory speech by the Head in-charge of the department. The students were asked to share their issues and any experiences with which they need help by both the mentees of the department. At first the students seemed a bit reluctant to speak up, but with the encouragement of both the mentors two of the students came up with their issues. At first Miss Mona Thapa shared that she is facing problems to concentrate on her studies and academics, because of which she is not being able to score good marks in the exam. She sought help from her mentor Mrs Rinki Das in this regard. Mrs Rinki Das then, addressing her problems, first of all asked her to be regular in the class and keep in touch with the faculties of the college and get engaged in college activities to create a sense of belongingness towards the college. Then, Mrs Das told Mona Thapa to at least dedicate one hour each day to her studies. This will bring consistency and create a habit in her to be at least in touch with her studies. Mrs Das then said that this consistency will gradually create a motivation in her to increase the number of hours for her studies, and ultimately in this way she will be able to cover her syllabus, concentrate more on her studies and earn good marks in the exam. Pleased with the solution given by the mentor, the mentee Miss Mona Thapa assured that from now onwards she will follow the advice of her mentor and try to be more regular with her studies. After that the student Biswajit Bora came up and shared that in spite of being regular in his studies he is not being able to score good marks in exam and sought help from his mentor, Miss Sneha Hazarika. Miss Hazarika then, addressing the problem of

the student, asked the student to first clear the concepts of the topics from the syllabus. The mentor also urged the student to approach the teachers if he is not being able to understand any topic and also asked the student to visit the department whenever there is no class and clear his doubts regarding any topic. The student was satisfied with the suggestion of the mentor and assured to do as suggested by the mentor. Thereafter, the meeting ended with concluding remarks by the Head in-charge, Mrs Rinki Das and vote of thanks by Miss Sneha Hazarika.

On 28th March 2019, at 11:00 am, a mentee counselling session was organised by the faculties of the Department, in the HRM classroom to discuss the issues and problems being faced by the mentees. The counselling session began with offering heartfelt condolences on the demise of the respected Principal, Golaghat Commerce College, Late Dr. Jatindra Nath Saikia, remembering him as one of the most dedicated ex-teacher of the department of Human Resource Management. In the presence of the two faculties as well as mentors of the department and a total of 12 mentees, who are students of B Com 6th semester, HRM major, the counselling started. The Head in-charge of the department, Mrs Rinki Das initiated the meeting with a welcome address and also placed the objectives of the session. Miss Sneha

Hazarika, Assistant Professor of the department, then urged the students to come up and be open about any issues, if they are facing academically or personally. Thereafter, the student Mukesh Kanu Came up and shared that he is facing trouble in keeping up with his classes and studies as he is facing some family trouble and also, he has to travel a long distance from Bokakhat to attend regular college. The student said that he is also preparing to clear APSC exam and he is engaged in sports because of which he is not being able to devote sufficient time to his studies. The mentee said that because of all these problems he is not being able to scope well in exams and losing motivation.

The student sought help from the faculties regarding his problem and asked the faculties and his mentor, Miss Sneha Hazarika, regarding what he should do to be feel motivated towards his studies. On knowing his problem, Mrs Rinki Das said that she is very pleased that the student has shared his problems with the faculties and have seeked help. Then Mrs. Rinki Das requested Miss Sneha Hazarika, mentor of the student, Mukesh Kanu to give a solution to the problem of the student.

Miss Hazarika assured the student not to be worried about the notes or concepts being taught in the class, that the student has missed. The mentor said that the student will be provided with all the help needed to understand the concepts and syllabus that he has missed. Also, both the mentors encouraged the student with some motivating lines to concentrate more on his B Com degree at present and then start preparing for APSC. In the end Mrs Rinki Das offered her gratitude and pleasure to all the students for attending the session and also asked the students to contact the mentors regarding any issue that they face. Mrs. Das said that the faculties of the department are always eager to offer help to the students and for that student need to contact the mentors and share their issues. The session ended with concluding remarks by the Head in-charge and a vote of thanks by Miss Sneha Hazarika.

Mentor mentee counselling (Measures taken for the mentees):

The faculties of the HRM department organised a mentor mentee counselling session on 18th September 2019, at 10 am in the HRM classroom. The session was attended by the two mentors of the department along with 7 students of B Com 5th semester HRM major. The session started with a welcome address by the Head of the Department, Mrs Rinki Das and Mrs Sneha Hazarika Assistant Professor of the department explained to the students the main objective of the session. Both the mentors asked the students to feel free and share any issue that they are facing whether in college or at home or in any aspect of their life. In spite of urging the students to share their feelings and experiences of life with the mentors, none of the students came forward. The two mentors, then decided to pick out students themselves and ask the students about their problems. Then the two mentors decided to pick the two most irregular students of the class Ershad Hussain and Mintu Chetia. The mentors asked the two students regarding their continuous irregularity in the classes. At first the two students were not willing to open up but after encouragement from the mentors, the student Ershad Hussain said that he found it difficult to understand the topics taught in class because of which he was not motivated enough to attend the regular classes. After that the student Mintu Chetia also spoke that he was also facing the same problem and because of which he missed some of the classes. After knowing the reasons of their irregularity in class, the two mentors asked both the students to visit the department and clear all their doubts and confusions. Also the mentors asked the students to contact faculties teaching other subjects in B Com 5th sem and clear their doubts and concepts. By clearing their doubts and by being at par with other students of the class the two students will be motivated to keep in regular touch with their studies. After that Mrs Das urged all the other students also, if they have any doubts regarding the concepts and topics in their syllabus, they should contact the concerned faculties and clear their confusions. This will instil a sense of enthusiasm and motivation in the students to do well in exam and score good marks. The session ended with concluding remarks and words of encouragement by both the faculties.

Identification of Problems and Action Taken Report:

- In order to deal with the slow learners, focus had been directed to eliciting specific deterrent factors of individual students. Some slow learners were found to be lacking in critical reading and understanding of texts. Some others were not competent in either reading or writing. Quite a few students were also found to be passive listeners having poor retention capacity. Attempts had been made to develop critical reading skills among the students by demonstrating how a text (prescribed in their syllabus) can be critically interpreted in different ways. They were also given tips on developing writing skills such as using simple words and grammatically correct short sentences. Attempts had also been made to make them

familiar with the techniques of developing active listening skills and strengthening their retention capacity. By encouraging them to interact in the class room and involving them in group discussions and panel discussions, attempts were made to develop their communicative skills.

- Special classes on Basic English Grammar were held to develop their grammar skills.
- Family issues deterring students were dealt with very carefully through counseling sessions held whenever necessary.
- Students having expertise in extra-curricular activities were referred to Physical Education Department for seamless progression.
- Advanced learners were assigned extra works such as analyzing texts from interdisciplinary perspectives, developing academic writing skills, etc.
- The progress of students is measured through their performance in Sessional Examinations, Seminar Presentation, Group Discussion and their interaction in the class.
