

Seminar Presentation by B A Students, Department of Economics

Date : 03/11/22

Venue : RUSA Building, Conference Room

For the students of 1st, 2nd and 3rd Semester, Economics Department, GCC had organized a seminar on 3rd November, 2022, the topics were selected from their syllabus. Total 13 students participated in the seminar. The students had prepared power point and explained the topics opted by them. They were given 10 minutes each for their presentation. The 2nd and 3rd Semester have improved in their presentation in comparison to previous year. The students of 1st Year were guided about the improvements they need to make in their future presentations.

All the teachers and students were present in the seminar. The students had actively participated and even asked queries to each other. Some of the students from 1st Semester had difficulty in the presentation- they had low voice, too nervous when asked a question. They were motivated by the departmental teachers and also directed about how to proceed with the whole process of preparation and presentation.

The organization of seminars/presentation among students builds their confidence, improves public speaking and also broadens knowledge on subject matters.
